Program overview and objectives

The CAMC Pediatric Conference- Caring for our Future will feature lectures, case presentations and educational sessions on a variety of acute and critical care issues facing health care professionals today. This one day conference will focus on current trends in Pediatric medicine. The program is designed for pediatricians, primary care physicians, nurses and allied health professionals involved in the care for children.

No pre requisites are required.

At the conclusion of this program participants should be able to:

- Discuss the drug epidemic and the need for community mobilization and prevention measures
- Review pharmacology of antidotes for overdoses in children
- Examine the use of oxygen therapy in the pediatric patient
- Discuss the signs of human trafficking and how to recognize and report it.
- Interact as a team member in pediatric sepsis, pediatric respiratory, pediatric pharmacology and pediatric patient experience skill stations.
